

Representative authority and execution records

Fictional authority extract | executed August 20, 2026

Principal Morgan A. Ellis appoints Jordan Vale and Casey Rowan as joint representatives for the sale of 18 Alder Lane, DEMO-PIN-001. Clause 4: both representatives must execute a transfer and any direction concerning net sale proceeds. Neither may act separately on those documents.

Clause 7: sale price must be at least CAD 690,000. Clause 8: no authority is granted to dispose of another parcel, vary this joint-signature requirement, or direct proceeds to a representative personally.

This prepared extract includes an execution page but omits the referenced schedule of restrictions. No legal opinion concerning validity, continuing effect or execution formalities is supplied.

The CAD 700,000 price exceeds the stated minimum. That fact does not establish compliance with the other authority conditions.

Representative authority and execution records

Execution package and solicitor request | October 13, 2026

Draft transfer for DEMO-PIN-001 is signed by Jordan only. Casey signature field is blank. Draft proceeds direction is also signed by Jordan only and names Vale Project Services as recipient. No signature or ratification by Casey is enclosed.

Jordan email: Casey is travelling and verbally agreed that I can finish this. The attached extract is all that is needed. No documentary amendment permitting individual execution is attached.

Counsel request AL-A9 seeks the complete authority instrument and schedule, evidence of continuing authority, instructions on joint execution, and a valid proceeds direction. Request remains outstanding.

A separate consent says Casey approves sending copies of correspondence to Jordan. It says nothing about sole execution, sale proceeds, waiver of joint authority or ratification of the transfer.
